

# COMMUNITY SAFETY CHARTER

Our Vision is to reduce crime, save lives and make our community safer by encouraging:

- Healthy Homes;
- Healthy Communities; and,
- Cultural Pride.

Thompson Neighbourhood Renewal Corporation

## THE CHARTER

Our Mission is to work with the community to provide a place of empowerment that will influence positive change by promoting :

- an environment free of violence, alcohol and substance abuse;
- a caring and safe environment for all; and,
- Crime Prevention Through Environmental Design (CPTED);

through cooperation, and respect for, all individuals, businesses and organizations that support the Charter.

Reduce Crime, Save  
Lives, Make Our  
Community Safer

## SIGNATORY BENEFITS

As a signatory of the Community Safety Charter you will be exchanging good practices across Thompson; helping and inspiring others to carry out more actions that will make our community safer, while at the same time helping to encourage healthy homes, healthy communities and building cultural pride.

The Charter signifies our commitment to working with others to achieve our vision.

## The Commitment

### Form:

- > Will assist you in defining your commitment and the areas and objectives for your actions.

## THE COMMITMENT

By signing the Community Safety Charter you commit to assuming your share of the responsibility in helping to achieve the common target of reducing crime, saving lives and making our community safer. This commitment is your opportunity to decide upon which community safety initiatives you would like to carry out over the next two years. For example, as an individual you could choose to install proper lighting around your home; as a business you could create a Drug Free Zone; and as an organization you could know and help advertise our local resources.

**CAUTION**

Citizens  
Taking Action

## THE COMMITMENT SHOULD:

- Be concrete, tangible and able to be monitored.
- Contribute directly or indirectly in the areas of reducing crime, saving lives and/or making our community safer.
- Go beyond what you are obliged to do by law.
- Have a two year duration with a six month follow-up.
- Outline key measures on how to achieve the target.
